A business license will be required prior to engaging in business. If a business intends to maintain a physical location within the city, there are normally zoning and building code approvals required prior to the issuance of a license. In certain instances, a business may simply be required to register with the city to create a mechanism for the reporting and payment of any tax liabilities, contact municipality for any zoning, building code and/or tax liability requirements.

The completion and submission of this form does not guarantee the approval or subsequent issuance of a license to do business. Any prerequisites for a particular type and location of the business must be satisfied prior to licensing.

All municipalities are required to obtain a copy of individual/entities board certification and/or permit prior to issuance of a municipal business license.

Please provide a copy of your certification/permit along with your application if applicable.

Should you have any questions concerning the completion of this form or the licensing and/or registration process, please call the number on the front of this form to obtain a more detailed explanation.
